

AGREEMENT FOR RESPONSIBLE USE OF ALBEMARLE COUNTY PUBLIC SCHOOLS' STUDENT-ASSIGNED LAPTOPS

STUDENTS ASSIGNED LAPTOPS BY ALBEMARLE COUNTY PUBLIC SCHOOLS AGREE TO:

1. Use the assigned laptop and assigned accounts for email and document collaboration/storage, for educational purposes.
2. Ensure the safety and security of the laptop, which requires care when storing and transporting the laptop, and when installing any software or attaching peripheral devices. Students may not alter computer hardware. Safeguard all student technology by:
 - a. Avoiding the downloading or installation of viruses;
 - b. Respecting the files, folders or programs of our School Division and other students;
 - c. Respecting all of our technology, hardware, software, and network, and not causing intentional harm.
3. Ensure the laptop is protected from viruses, malware, and other potentially harmful technology by ensuring all system software is up-to-date and by following all on-line safety precautions as suggested in school.
4. Ensure that downloaded software and apps, or changes in configuration, do not compromise the functionality of the laptop.
5. Adhere to the following guidelines, in addition to the requirements of School Board Policies IIBE (Acceptable/Responsible Use of Technology) and JFC (Student Conduct), when accessing internet sites and whenever using the laptop, regardless of time or location:
 - a. Only visit sites that are appropriate and relevant to educational uses of the laptop;
 - b. Avoid sites that contain obscene, libelous, disruptive, sexually explicit, profane, or other content which would be prohibited in the classroom; and
 - c. Avoid sites that require a fee for access (unless authorized by the school and teacher permission is granted).
6. Adhere to the following guidelines when downloading material from the internet:
 - a. Evaluate whether downloaded materials will be safe for your computer;
 - b. Store and access only materials that are legal and appropriate for access in school; and
 - c. Avoid violating copyright laws.
7. Use e-mail and other communication tools responsibly by:
 - a. Accessing personal e-mail, and other forms of electronic communication, during the school day for educational purposes only;
 - b. Respecting the privacy of others by not re-posting emails or content without a sender's permission;
 - c. Ignoring and refusing to re-send "chain letters" and the like;
 - d. Being a good digital citizen at all times, including reporting any suspicious or harmful behavior to a school administrator; and

 - b. Respecting the privacy of other students, teachers, and the school system's files; and

 - i. Home telephone numbers, addresses, and other personal information may not be released unless written parental permission is granted.
 - d. Exercising caution regarding their signature files, user profiles, and other account related information they control.

 - a. Self-limiting use of disk space – large downloaded files may compromise device performance;
 - b. Self-limiting use of Internet bandwidth – we are a learning community that shares our internet bandwidth;

 - ii. Students may purchase additional SD cards or use external storage devices as needed as long as all responsible precautions are taken.
