EXPLAIN: HOW WILL THIS ARTIST ENRICH YOUR CURRENT TEACHING

Munier has been to Agnor-Hurt before to do his lesson on Sound. The SOL objective is 5.6 (Fifth Grade). He brings his musical instruments and other equipment to explore sound waves, frequency, etc. The children LOVE this lesson, because it is current and "real life"!

Sound... SOL 5.2

- Frequency
- Waves
- Wavelength
- Vibration
- Pitch
- Ability of different media to transmit sound (solids, liquids, gases)
- Use and applications of musical instruments

NUMBER OF LESSONS THAT YOU ARE REQUESTING

We only need one visit for the entire 5th grade on Dec. 7 @ 11:45-12:30.

TYPE OF SETTING

The lesson will take place in a large classroom with an open space.

ARTIST-IN-RESIDENCE REQUESTED

Munier Nazeer - Performs with the 'rock science' collective known as the Beetnix which allows him to bring real world music experience to a classroom setting. Please ask Munier what he needs to set up (tables,etc.).

TIME ALLOTMENT

45 minutes..... 11:45-12:30..... Friday, Dec. 7

AUDIENCE - Please indicate all that apply and what specific grade levels

Several Classes - same grade level (5th grade)
